- Las Vegas Locals Segment Delivers Record Third-Quarter Adjusted EBITDAR, 46% Margin
- Midwest & South's Adjusted EBITDAR Sets All-Time Quarterly Record on 39% Margin
- Expansion of FanDuel Partnership Further Bolsters Company's Digital Presence

LAS VEGAS, Oct. 26, 2020 /PRNewswire/ -- Boyd Gaming Corporation (NYSE: BYD) today reported financial results for the third quarter ended September 30, 2020.

Keith Smith, President and Chief Executive Officer of Boyd Gaming, said: "During the third quarter, we successfully navigated the challenges presented by the COVID pandemic thanks to our outstanding operating team. By effectively yielding our casino floors and amenities while implementing new efficiencies throughout our business, we greatly enhanced our operating performance in a lower-revenue environment. On a Companywide basis, we delivered 12% EBITDAR growth and improved operating margins by more than 1,000 basis points, as both our Las Vegas Locals and Midwest & South segments set records for quarterly EBITDAR and margins. At the same time, we continued to build the foundation for future growth through the expansion of our partnership with FanDuel Group, successfully launching mobile sports betting platforms in Illinois and Iowa and expanding our digital reach to more than 30 million adults nationwide. We are proud of our team's ability to successfully execute our strategy and are committed to sustaining a more efficient and profitable operating model into the future."

Boyd Gaming reported third-quarter 2020 revenues of \$652.2 million, compared to \$819.6 million in the third quarter of 2019. The Company recorded net income of \$38.1 million, or \$0.33 per share, for the third quarter of 2020, compared to net income of \$39.4 million, or \$0.35 per share, for the year-ago period.

Total Adjusted EBITDAR<sup>(1)</sup> was \$238.8 million in the third quarter of 2020, an increase of 12% from \$213.5 million in the third quarter of 2019. Companywide operating margins were 36.6%, up significantly from 26.1% in the year-ago quarter. Adjusted Earnings<sup>(1)</sup> for the third quarter of 2020 were \$43.5 million, or \$0.38 per share, compared to Adjusted Earnings of \$44.8 million, or \$0.39 per share, for the same period in 2019.

<sup>(1)</sup> See footnotes at the end of the release for additional information relative to non-GAAP financial measures.

**Operations Review<sup>(2)</sup>**

During the third quarter of 2020, the Company's Las Vegas Locals segment reported revenues of \$171.1 million, a decline of 20% from prior year, while Adjusted EBITDAR grew more than 23% to \$78.9 million and operating margins increased more than 1,600 basis points to 46.1%. Midwest & South revenues fell 15% to \$463.6 million while Adjusted EBITDAR increased nearly 17% to \$182.5 million, and operating margins rose approximately 1,100 basis points to 39.4%, as strong operating performances across the segment more than offset the impact of property closures related to Hurricanes Laura and Sally. The Company's Downtown Las Vegas segment reported revenues of \$17.5 million, down 71% from prior year, and an Adjusted EBITDAR loss of \$1.5 million, due to significant travel restrictions in Hawaii and overall declines in Las Vegas visitation.

<sup>(2)</sup> As of September 30, 2020, three Boyd Gaming properties remain closed: Eastside Cannery and Eldorado in the Las Vegas Locals segment, and Main Street Station in the Downtown Las Vegas segment.

**Balance Sheet Update**

As of September 30, 2020, Boyd Gaming had cash on hand of \$506.0 million, and total debt of \$4.04 billion. Cash and debt balances reflect the repayment of the Company's outstanding revolving credit facility borrowings during the third quarter.

### **Non-GAAP Financial Measures**

Regulation G, "Conditions for Use of Non-GAAP Financial Measures," prescribes the conditions for use of non-GAAP financial information in public disclosures. We believe that our presentations of the following non-GAAP financial measures are important supplemental measures of operating performance to investors: earnings before interest, taxes, depreciation and amortization (EBITDA), Adjusted EBITDA, EBITDAR (EBITDA further adjusted for rent expense associated with a master lease), Adjusted EBITDAR, Adjusted Earnings and Adjusted Earnings Per Share (Adjusted EPS). The following discussion defines these terms and why we believe they are useful measures of our performance. We do not provide a reconciliation of forward-looking non-GAAP financial measures to the corresponding forward-looking GAAP measure due to our inability to project special charges and certain expenses.

### **EBITDA, Adjusted EBITDA, EBITDAR and Adjusted EBITDAR**

EBITDA and EBITDAR are commonly used measures of performance in our industry that we believe, when considered with measures calculated in accordance with accounting principles generally accepted in the United States (GAAP), provide our investors a more complete understanding of our operating results before the impact of investing and financing transactions and income taxes and facilitates comparisons between us and our competitors. Management has historically adjusted EBITDA and EBITDAR when evaluating operating performance because we believe that the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a full understanding of our core operating results and as a means to evaluate period-to-period results. We refer to this measure as Adjusted EBITDA or Adjusted EBITDAR. We have chosen to provide this information to investors to enable them to perform comparisons of past, present and future operating results and as a means to evaluate the results of core on-going operations. We have historically reported these measures to our investors and believe that the continued inclusion of Adjusted EBITDA and Adjusted EBITDAR provides consistency in our financial reporting. We use Adjusted EBITDA and Adjusted EBITDAR in this press release because we believe this information is useful to investors in allowing greater transparency related to significant measures used by our management in their financial and operational decision-making. Adjusted EBITDA and Adjusted EBITDAR are among the more significant factors in management's internal evaluation of total company and individual property performance and in the evaluation of incentive compensation related to property management. Management also uses Adjusted EBITDA and Adjusted EBITDAR as measures in the evaluation of potential acquisitions and dispositions. Adjusted EBITDA and Adjusted EBITDAR are also used by management in the annual budget process. Externally, we believe these measures continue to be used by investors in their assessment of our operating performance and the valuation of our company. Adjusted EBITDA reflects EBITDA adjusted for deferred rent, share-based compensation expense, project development, preopening and writedown expenses, impairments of assets, loss on early extinguishments and modifications of debt and other operating items, net. Adjusted EBITDAR reflects Adjusted EBITDA further adjusted for rent expense associated with a master lease with a real estate investment trust.

### **Adjusted Earnings and Adjusted EPS**

Adjusted Earnings is net income before project development, preopening and writedown expenses, impairments of assets, other items, net, gain or loss on early extinguishments and modifications of debt, and other non-recurring adjustments, net. Adjusted Earnings and Adjusted EPS are presented solely as supplemental disclosures because management believes that they are widely used measures of performance in the gaming industry.

### **Limitations on the Use of Non-GAAP Measures**

The use of EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures has certain limitations. Our presentation of EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS or certain other non-GAAP financial measures may be different from the presentation used by other companies and therefore comparability may be limited. Depreciation and amortization expense, interest expense, income taxes and other items have been and will be incurred and are not reflected in the presentation of EBITDA, Adjusted EBITDA, EBITDAR and Adjusted EBITDAR. Each of these items should also be considered in the overall evaluation of our results. Additionally, EBITDA, Adjusted EBITDA, EBITDAR and Adjusted EBITDAR do not consider capital expenditures and other investing activities and should not be considered as a measure of our liquidity. We compensate for these limitations by providing the relevant disclosure of our depreciation and amortization, interest and income taxes, capital expenditures and other items both in our reconciliations to the historical GAAP financial measures and in our consolidated financial statements, all of which should be considered when evaluating our performance.

EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures are used in addition to and in conjunction with results presented in accordance with GAAP. EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures should not be considered as an alternative to net income, operating income, or any other operating performance measure prescribed by GAAP, nor should these measures be relied upon to the exclusion of GAAP financial measures. EBITDA, Adjusted EBITDA, EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures reflect additional ways of viewing our operations that we believe, when viewed with our GAAP results and the reconciliations to the corresponding historical GAAP financial measures, provide a more complete understanding of factors and trends affecting our business than could be obtained absent this disclosure. Management strongly encourages investors to review our financial information in its entirety and not to rely on a single financial measure.
